Please find below and/or attached an Office communication concerning this application or proceeding.

Art Unit: 1772

1. The instant application was returned to Examiner by the Board of Patent Appeals and Interferences as an undocketed appeal on April 27, 2005 because the IDS filed March 11, 2003 was not properly considered by Examiner.

The three PTO-1449 pages of the IDS filed March 11, 2003 were not marked by Examiner because these three pages are duplicates of the two-page PTO-1449 of the IDS filed December 18, 2001 and of the one-page PTO-1449 of the IDS filed September 25, 2002, both of which were signed by Examiner on November 20, 2002. Since all of the references listed in the IDS filed March 11, 2003 were considered on November 20, 2002, each of the lines of the IDS filed March 11, 2003 have been lined through, and each of the pages of the IDS filed March 11, 2003 have been signed and dated by Examiner (on May 5, 2005).
